'Career and Opportunities for Physics Graduates'

11 October 2019, 2.00pm to 5.00pm

Report

Department of physics of Sullamussalam science college organised a career and opportunities counselling session for student of physics department on 11 October 2019 in seminar hall of SS college. 85 students had participated in that session. Career decision play a pivotal role in shaping the future growth and development of students. In oday's environment if multiple option knowing about choices available help students in their decision making process. The resource person for this session was Mr. Muhammed Riyas.M, a chief psychologist and career coach Viead edventure Kozhikode. The session aimed at making the student aware of multiple career option available. Mr. Muhammed Riyas . M introduced various career option like research, lab supervisor, scientist etc for physics gradate. He also shared information regarding leading universities and various courses available. And he shared the benefits of premier universities over other universities, their syllabus, courses, activities etc, He spread out the career option in public sectors and went on talk about MBA as career opportunity due to many plus

point attached and job stacks opportunity. He suggested a few good colleges to consider like TIM'S, GIM, symbiosis and Welling kav. He also covered higher studies at abroad for students. He spoke of different seholarship available for students. Mr Muhammed Riyas urged the students not to make decision based on family expectation and peer pressure. He guided the students to identify their interest and what they are good at. And he cautioned that. Passion and

perseverance can only help us to achieve our goal. He also advised them to plan multiple activities during vacation to hone their skill. And he also shared different online courses available for students like edx, swayam, NPTEL etc. At the end of session, he advised them to make more passion and perseverance to achieve goal. The session was informative and enriching for students.

CAREER & OPPURTUNITIES FOR PHYSICS GRADUATES

11th OCTOBER 2019

Sullamussalam Science College, Areekode, Ugrapuram (PO), Malappuram, Kerala

Organized by,

Department of Physics, Sullamussalam Science College, Areekode

FEEDBACK FORM

Please respond to following statements by using the 4 points rating scale to indicate to which you agree or disagree with each statement. Mark your preferences as 1,2,3,4.

1. Excellent 2. Good 3. Average 4. Poor

Sl. No		Your Response
1	How satisfied were you with the class?	3
2	How did you find mentors knowledge and guidance delivery?	2
3	To what extend would you say session was effective related to your career aspect?	3

Overall, how useful was this seminar for you.

The seminar more useful to UG students than Pg students, Mentor more focus to pg admissions in various popular universities.

Write your career and ambitions.

I want to become a college lecturer in any govt colleges

Give your suggestions to the seminar.

conduct the classes related to higher opportunities and career to pg students, and reduce the strength of the participants, it will give more effective interaction to the mentor.

1. Excellent 2. Good 3. Average 4. Poor

Sl. No		Your Response
1	How satisfied were you with the class?	3
2	How did you find mentors knowledge and guidance delivery?	2
3	To what extend would you say session was effective related to your career aspect?	3

Overall, how useful was this seminar for you.

I think this seminar is more useful for the graduates less for post graduates.

Write your career and ambitions.

After my M.Sc I want to take B.ED and M.ED. and work in a college or higher secondary school.

Give your suggestions to the seminar.

In that seminar session less priority is given to M.Sc students. If there emphasis given to Competitive examinations and opportunities for a physics in the present scenario that would be better. Knowledge about famous institutions of the world, how to crack such examinations.
