SEMINAR HALL

Report

World space week is on 4th of October to 10th of October. Sullamussalam Science College had a full day programme on the last day of the world space week. We had a space talk led by Dr. Manas Bagchi (Director of regional science centre and planetarium). It was from 9.30 am to 12.30 pm. From 11.30 onwards it was an interactive session. The venue was the seminar hall of the college. The programme was inaugurated by the college manager Prof N.V. Abdurahman and C.A Safeeque head of the department of physics presided over the function. The programme was concluded around 12.30 pm.

He talked about the recent event and the mission failure of Chandrayan 2, India's progress in space exploration, how space exploration is helping globally etc. In the interactive session he even contradicted the people who told the Apollo 2 mission was a fake show by United States of America. He also told about the heroes of the former space missions. Although it was a 3 hour continuous session. At afternoon we planned for a space quiz programme for all departments. Students were told to come in pairs. The programme was led by Quiz master Bhavya AK of 2nd year B,Sc physics assisted by Mohammed Nadheem CP of 2nd year B.Sc physics. The programme was held at the college seminar hall. There were 2 round, first round was preliminary round in which we will sort the whole to 5 pairs from all the attended. Almost 40 pairs were attended from all 7 departments in the college. After the first round we got the best 7 pairs which were eligible to participate in the 2nd round.
